

ASGA Scholarships

Apply Today for Your Student Government

Many Student Governments want to join the American Student Government Association because they want to improve. But some have very limited budgets and just can't fund the annual ASGA membership, even though ASGA dues are low. ASGA now offers "scholarships" to Student Governments that demonstrate a desire to improve, but are limited by their finances.

Just complete this scholarship application and agree to the terms, and your Student Government could receive a scholarship to participate in ASGA and improve your Student Government this year!

Name _____

Title _____

SG Name _____

SG Web Site _____
