

# 10 REASONS TO JOIN ASGA

## 1 Find out what has worked at other colleges and universities.

For more than 30 years, ASGA has tracked and studied SGA at every type of institution. That research is organized and searchable, so you benefit from decades of work without starting from scratch.

## 2 Search for information on SGs everywhere.

Members have unlimited access to the SG Database, the only resource of its kind in the nation. Search by enrollment size, state, structure, budget, election results, officer compensation, and more.

## 3 ASGA will do research for you.

Need to know what similar SGs pay officers, how they structure their budgets, or what their activity fees look like? ASGA conducts custom research for members at no charge.

## 4 Save \$100 per person at any ASGA conference.

ASGA runs 11 training events a year. More than 50,000 students and advisors have attended with a 99/100 satisfaction rating. Your \$100-per-person discount adds up fast if you bring a group.

## 5 Get expert help with your constitution.

Members receive 60% off for bringing an SG consulting expert to campus. That covers document review & revision, parliamentary procedure training, team building, and a written analysis of your SG's strengths & weaknesses.

## 6 One hour of free private consulting.

Every member institution gets one hour of private phone consulting. Use it on any issue your SG is facing. An unbiased perspective from people who have worked with student governments at hundreds of institutions.

## 7 Connect with student leaders and advisors.

The SG Database lets you reach out to officers & advisors at schools similar to yours: same size, same type, same challenges. What works at a community college in Texas may be exactly what your SG needs.

## 8 Reach a real person when you need help.

Call 352-373-6907 or use live chat. You will speak with someone who works at ASGA and knows student government. Not a call center, not a ticketing system.

## 9 Run a better SG, starting now.

Members report improvements in meeting efficiency, election turnout, member recruitment, realistic goal-setting, officer transitions, budget management, their influence, their effectiveness, and their web presence.

## 10 30+ years of experience working on your side.

No other organization has spent as much time studying, training, and advocating for Student Governments at every type of institution in America. That experience is available to every member.
